

Q. What do you mean by Democracy and rights?

Ans:- The word democracy comes from the Greek words "demos", meaning people, and "kratos" meaning power; so democracy can be thought of as "power of the people": a way of governing which depends on the will of the people.

A right is something a person has which people think should not be taken away. It is a rule about what a person is allowed to do or have. A right is different from a privilege, which is something that must be earned.

Rights may be put into law, so they have legal protection. But a right can exist where most people think it is good.
